

6. Sample Roof Crasher Lesson: Be Prepared and Storm Ready

Ask someone to read Mathew 7:24–27.

This is a familiar passage that talks about building our lives on a solid foundation, the rock. Let the group respond to each question.

- What is the rock that Jesus is talking about?
- What is the sand that He is talking about?
- What are the rains and floods and winds of life?
- Does this passage imply an *if* or a *when* relative to these storms?
- What are some of the storms that you have already experienced in your life?
- As you get older, do you think these storms get more or less severe?
- Do you think these storms have a purpose?

Ask someone to read Romans 8:28.

These storms will, in fact, test the strength of your foundation, the strength of your faith and commitment to Christ! Be prepared and storm ready—build on the solid rock, the solid foundation that will last for eternity!
