

11. Sample Roof Crasher Lesson: Holy Living To-Do List

We've been talking about the virtues of a Roof Crasher quite a bit. Review the radar diagram.

We have been unpacking many of them and finding ways to apply them in our lives. We even have taken steps to measure ourselves against them and to look for ways we can improve in areas where needed.

I thought, this week, we would look from a different perspective on a set of rules for holy living as described by Paul to the church in Colossae. He is writing to believers.

Read Colossians 3:1–11. There are some directives and rules in there for us as believers.

- Verse 5: Put to death?
- Verses 8–9: These are all the things *not to do*! What about things *to do*?
- Verses 12–14: Clothe yourselves? Bear with each other?

Take a second to look at these things, and pray about one you need to apply in your life.
